corn.) If unknown, the statement "origin unknown."  
Name and address of shipper. Code designation obtained  
from the Agricultural Marketing Administration may  
be given in place of shipper's name and address, pro-  
vided consignee's name and address is given.  
Note: Total germination and hard seed percent may be  
shown by the additional statement "Total germination  
and hard seed \_\_\_\_\_%."

Mixtures.

The same information as for agricultural seeds except that the  
percentage of each kind, or kind and variety, shall be  
stated if present in excess of 5% as well as the percent of  
germination and hard seed of each component in excess of 5%.

If it is desired to show percentages of components which are  
present in quantities less than 5%, these may be shown,  
provided the germination percentage is also shown.
